

Norwegian Transparency Act – from report to routine

The Norwegian Transparency Act requires due diligence assessments in the value chain and an annual public statement. We provide Norwegian companies with structured training in requirements and practical implementation.

ACADEMY

Training, certificates, exam.

What you get

- ✓ Due diligence framework
- ✓ Supplier screening and dialogue
- ✓ Annual statement template
- ✓ Handling inquiries from the public

Use case

A Norwegian industrial company uses LexiCo Academy Norwegian Transparency Act to certify the procurement department, document due diligence processes, and deliver the mandated annual statement to the Consumer Authority.
