

Crypto markets under control

MiCA regulates crypto service providers across the EU. We support prospectus, AML screening, capital requirements, and supervisory reporting.

COMPLIANCE

Workflow tools, datapoints, reports.

ACADEMY

Training, certificates, exam.

What you get

- ✓ Token prospectus templates
- ✓ AML/KYC screening workflow
- ✓ Capital requirements calculation by product type
- ✓ Supervisory reporting to ESMA/national level

Use case

A crypto exchange uses LexiCompliance MiCA to generate prospectuses for each token listing, screen customers in real time, and report monthly to the FSA.
